See The Enclosed Futurity Page For More Info!

Horse Facility Information: Krouse & Barker Barns

Each barn measures 100 by 200 feet. Both structures are fully enclosed by 5-foot-high livestock panels on both sides and the east ends. The west ends have a solid wall with two 10-foot-8-inch-high roll-up doors. The sand footing is ideal for barrel racing, cutting, roping and other equestrian events. There are 196 10-by-10-foot stalls available for rent during horse and other livestock shows. The stalls are covered and have asphalt floors. Wash racks are available throughout the stall area.

There is ample parking for horse trailers, RVs and other vehicles.

Central Point is located on the outer edges of the larger city of Medford, OR. You will find lodging located adjacent to the fairgrounds or not far away in Medford. Shopping and dining opportunities also abound in these bustling communities. To learn more visit: <http://www.travelmedford.org/>

Oregon Appaloosa Breeders Assoc is looking for members! Even though we are an ApHC affiliated club our goal is to promote all breeds of equines. Through our show award program we encourage sportsmanship, horsemanship and the humane treatment of all animals. Our show award program is open to all ages of exhibitors and equines. We have a monthly club meetings via conference call in which everyone is welcome to attend and a yearly awards banquet.

Check out our Facebook page and website to see all the fun things we are doing and any upcoming events!
<http://oregonappaloosabreeders.com/> or <https://www.facebook.com/OApBA/?fref=ts>

See any of our current members to join or give Christine a call and she can get you a membership application! It's not too late to join our year end awards program!
